Information about the neighborhood and city	<p>- Roquetas de Mar, located to the west of the city of Almeria, occupies 16 km of Almeria's coastline, 15 km of which are beautiful beaches with clean, transparent waters for the enjoyment of residents and visitors. It has beaches of high environmental quality with all the necessary services to enjoy the best holidays. The water temperature also guarantees a longer bathing season than in other geographical areas. All the beaches are urban beaches with road access, a daily cleaning service during the summer season, police surveillance, first aid posts and an ambulance exclusively for the beach service. This year the beaches have received up to 30 of the six blue flags, making Roquetas de Mar the Andalusian town with the highest number of quality awards on its coastline.</p> <p>Roquetas de Mar-Site officiel de tourisme d'Andalousie (andalucia.org)</p>
Getting to school	<p>- Public transport</p> <p>It is also possible to carpool. There are teachers who live there, so it is possible to discuss this with them.</p>
